# DAY I

During first day we went to their school and we saw traditional Turkish dance.

They showed us a presentation about their country and their school.

We also went to art museum and we were playing a game which was about answering questions about that museum and things in it.

In the afternoon our whole group went to shopping center.

## DAY 2

We attended classes with our host students. Lessons in Poland look really similar to lessons in Turkey but their are shorter.

After that we were writing scenes about Nasreddin Hodja.

For lunch we ate some Turkish traditional food. For us it's a bit spicy but it's really good.

In the afternoon we were visiting old town.

## DAY 3

During third day we went to Kemer for boat trip. Unfortunately our host students couldn't go with us. We were swimming in the sea and the water was great.

The view was really amazing!

We also went to Phaselis Antique city to discover old Roman artists' work.

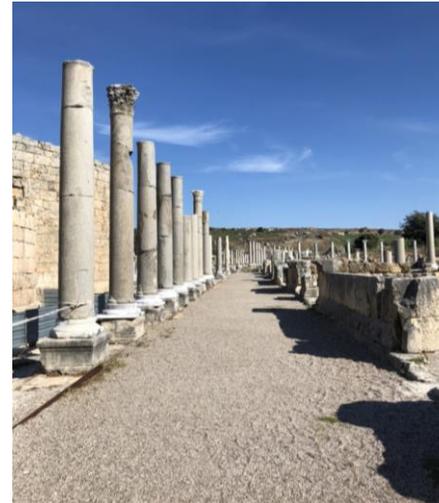

## DAY 4

Whole day we were visiting historical places like: Perge, Aspendos Antique Theatre, Duden waterfall.

Before we came back to their school we went to shopping center to buy some souvenirs.

This is where we bought Turkish delight. This are Turkish traditional sweets.

## DAY 5

Last day we spent on sitting in their school.

We went to their lessons and we got certificates.

Then we went to a restaurant and after that we said goodbye to everyone and we went home.

We really recommend to all of you things like this, because it's the best way to make friends in other countries and learn about their culture.
